Wear Masks  **INOCULATION IS PROTECTION**

ADVICE TO WOMEN!

The Italians have a proverb—"Where the **Sunlight** enters no doctor can come in."

Get into the Sunlight—not the Sunlight of the pleasure resort which you have to reach by crowded trams and trains—but the Sunlight that enters your own garden, yard, or quiet near-by park.

It is all the same good, old **Doctor Sunlight**, the best germ-killer in the world. Take your dose of Sunlight medicine with the least risk.

Open your Windows—Let in Sunlight and Fresh Air. Peel your vegetables and do your sewing and household stunts on the verandahs or right outside. Buy your groceries, etc., once a week, if possible. Your **Home is your Sanctuary**. Keep yourself and your children apart from others.

When you go out **Wear Masks**. **Avoid Veils**—a flapping veil is a fruitful source of contagion. No one should endanger others by wearing one.

Walk when you have to go out. If you go to business by train, walk from train to city instead of riding in the tram. People have forgotten how to walk. Let them learn again and get health in the learning.

It is useless and foolish to try to change the habits of a community in a moment, but Sunlight, Fresh Air (night and day), and Cleanliness are your best friends.

Red Cross Representative,
Administrative Board—Influenza,

1919

In April 1919, the Influenza came to Sydney hundreds died and thousands became sick. The Troop was called upon to help. Depots were started in every suburb by the Board of Health. Leichhardt working from the depot at the Town Hall. Tasks carried out were delivering food and bedding, driving and running messages.

Leichhardt Council issued a letter under the Municipality Seal to the Troop for this service.

1st Petersham Troop.

This Troop was visited on Friday Aug - 16 scouts and - Officers being present. Work being done by the (Patrol Leader in Charge) was Ambulance and Signal. The Scouts proved themselves very smart at Ambulance. But not so good at Signalling the style being Bad. The uniform of the scouts was fair. It was noticeable

all scouts carried staves upon which Mr Taylor is to be congratulated. The scouts of this troop also drilled smartly. While the Attendance and Conduct was good. The Club Room had the appearance of always being kept clean and tidy.

1st Annandale Troop.

Owing to S.M. Doyle's being away at a Military Camp our visit to this troop had to be a surprise one.

We found 18 scouts and 2 Officers present. The work being done was Ambulance which was fair. The troop has few signallers and they are not experts. It was noticeable that most of the Boys present were Recruits. The discipline amongst the scouts was good. Although some of the Patrol Leaders did not have the control of their Patrols as they should. Some of the scouts did not have their uniform on. But those who did looked very smart, all having complete regulation uniform and looking as scouts should. Some good Model Bridges were shown. Although the Attendance could have been better allowance should be made for the scoutmasters and Troop Leaders absence for some three weeks before our visit. Mr Carr just having taken over the troop.

West Leichhardt Troop.

On Tuesday 1st September we visited this troop 14 members being Present out of 17 on the Roll. Two members were away sick leaving one unaccounted for. Work being done was Knotting etc for Pioneers Badge. While all scouts were dressed smart and Discipline was also good. A very fair knowledge of Scoutcraft was also shown.

Mounted Patrol

The opportunity was taken at Mr Baker's Patriotic Carnival to inspect this Patrol 8 members being present. All could ride well, and had good horses. The only fault being in the variety of uniforms. But Mr Andrews the Scoutmaster of this Patrol ^{informs us} that it is hoped to shortly overcome this difficulty.

Leichhardt Presbyterian Troop.

This Troop has only been recently formed at the Presbyterian Church Leichhardt and had 8 members present on our visit. All the scouts knew their tenderfoot test and could say the Scout Law. The Troop looked very smart indeed in full regulation uniform and Discipline could not be better. Mr Andrews deserves all possible praise for his work in this Troop and it was indeed a pleasure to visit such a smart and well behaved Troop of Scouts. The Club Room is possibly one of the Best in Sydney.

1st Leichhardt Troop.

This Troop was inspected on the night of Mr Baker's Patriotic Carnival which did not improve the attendance 24 members being present out of 35 on the roll. All members were in full uniform and looked smart. Some of the boys had come straight from the Carnival without having tea which at least shows that they take some interest in the Movement. A good all round knowledge of Scout work was shown by the older members present. The new members not being so good. The weakest point was the lack of interest in the Scout Law. But it is hoped that by next inspection this fault will be rectified. For it is the intention of the Scoutmasters to pay particular attention to this very important Branch of Scoutcraft during the coming few months. Otherwise a good knowledge of Scoutcraft was shown by members of this Troop.

1st Balmain Troop.

This Troop was inspected at Buffalo Creek Ryde on Saturday Sep. 19. 9 scouts being present. The scouts did not look very smart but some allowance should be made for a poorer class of Boy which belong to this Troop. The Troop were busy erecting a tent upon our arrival which they did very smartly. Some of the Boys then started cooking while others collected wood.

while they were collecting the wood they caught a Black Snake about 6 Feet long which they killed and skinned. The Boys seemed at home in the Bush and needed no directions as to what to do. And although they know nothing of Ambulance Signalling or any special Branch of Scoutcraft, and do not look at all smart still their Knowledge of Bushcraft is very good. Mr. Beach their Scoutmaster has a hard task, but deserves praise for the way in which he manages a very difficult class of Boys by keeping their interest in the way he does. It would not be at all practical to attempt to instruct his boys in any dry subject and by working in the way he does, he retains their interest all the time.

Leichhardt Wolf Cubs.

On Sep 23 we visited the Wolf Cubs 14 Cubs were present and one officer. They all looked very smart and tidy in their uniform while the Discipline could not be better they gave a display of Semaphore ^{signalling} which many troops would find it hard to beat. The idea of the Wolf Cubs is a excellent one and we wish to recommend it to the notice of your Committee. We hope at an early date to have the pleasure of showing some of the Members of Headquarters the Troop of Wolf Cubs, and in that way they will be able to judge for themselves as to the Value of Lieut. Gen. R. S. S. Baden Powell latest idea for Boys.

While they were collecting the wood they caught a Black Snake about 6 Feet long which they killed and skinned. The Boys seemed at home in the Bush and needed no directions as to what to do. And Although they know nothing of Ambulance, Signalling or any special Branch of Scoutcraft, and do not look at all smart still their Scoutmaster has a hard task, but deserves praise for the way in which he manages a difficult class of Boys by keeping their interest in the way he does. It would not be practical to attempt to instruct the boys in any dry subject and by working in the way he does he retains their interest all the time.

1st Stanmore Troop

This troop has just been recently formed and at present consists of two Patrols. The First Patrol under P.L. Lee is making good progress and his patrol is a credit to him every boy in it having passed the Tenderfoot test and some are half way through the 2nd class test, while all know the Semaphore alphabet. When we remember that this patrol has only been going some six weeks it will be seen what an amount of work the members have been doing. The Second Patrol under P.L. Fifield is in the process of forming.

Byclist Patrol.

Although the members of this Patrol are not a ^{Body} ~~separate~~ Patrol all members belonging to some other troop in the District still the good work they are doing deserves mention. For the past seven weeks one or two members of this Patrol have been on duty at the Barracks every day, ^{and} they have earned the Praise of Col. Antill and Staff who they have been assisting. It is our intention to form a Byclist Troop of scouts similar to the Mounted Patrol. Troop Leader Aston has been appointed to command.

West Sydney Council

At Present the West Sydney District is controlled by a District Council consisting of a President (Mr Lincoln Gibson J.P.) Mr Atkins, and Mr Bleminson, and all Scoutmasters of troops. It sits once a month and has been in existence for the last 3½ years. In my opinion the present very satisfactory state of the District is all owing to the work of this Council. It is our intention if it is possible to get more independent gentlemen from the various suburbs which go to form this district to act on this Council. But we find it very hard work indeed to get suitable Gentlemen interested. We know that at Present our District Council is not in accordance with Headquarters Regulation (see rule 18), owing to us having more than one third of its members Scoutmasters. But we hope to rectify this at an early date. As we have eight officers it will be seen that it requires a large District Council to be in accordance with Headquarters Regulation. And even if we can get such a large number of gentleman interested many would we are afraid, be only honorary at Present all our members are workers. I have been asked on Behalf of the Present West Sydney Scout Council, to ask your Committee if a less number of independent local Gentlemen would be enough, if so how many. At present we know that we can get enough gentleman to come on our Council to comply with Headquarters Regulation. But they would be only be ~~only~~ honorary and we feel that in the interest of our District that we should have every member on our Council a Worker.

During the last Quarter we have started a Parents Committee in connection with the Leichhardt Troops of Boy Scouts, and it has already held three meetings and looks as if it will do some good work. The Annual Census of the District taken in September resulted as follows. 9 Troops and Patrols 142 Scouts and 9 Officers being an increase of 5 Troops 16 Scouts and 1 Officer over last years Census.

The Annual Camp was held at Como from Oct 3 to 5 and was attended by 104 Officers and Scouts everything passing off successfully. I would like to point out to your Committee that to visit and inspect all the troops of this District and forward a report each Quarter is in my opinion unnecessary. And Both I and Mr Charles think that once every half year would be sufficient. We find that we cannot attend to our other Duties and also devote one night a week to inspections. As it is we devote every night in the week to scout work and find something has to go if we are continually out of our own Troops. Hoping that this Report will meet with your approval

I am yours

faithfully
